***Attention : Grace Pasceri***

Dear Ms. Pasceri:

The Ministry of Natural Resources has completed a review of the GoodLight LP Solar Energy Project OCBB Compensation Lands Management and Monitoring Plan ("Plan"), submitted June 26, 2013. It is MNR's understanding that the plan identifies Habitat Restoration, Management and Monitoring for 21.05 hectares of Open Country Breeding Bird Habitat at Lots 11 and 12 of Concession 6, Township of Eldon, City of Kawartha Lakes.

At this time, our office confirms that the aforementioned Plan contains;

- 1) A habitat compensation and management plan for Open Country Breeding Birds and;
- 2) A follow up monitoring plan on the effectiveness of the habitat management activities.

The Ministry of Natural Resources is satisfied with the content of the plan and has no further comments at this time.

If you wish to discuss this matter in more detail, please feel free to contact me directly.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric R. Prevost".
